

## Savings tracker

Set an amount for your savings goal. Then determine a dollar value for each circle (i.e. \$1, \$5, etc.). Finally, color in each circle once you have saved that amount, until you reach your goal.

| SAVINGS | GOAL: |        |
|---------|-------|--------|
|         | = \$  |        |
|         | 0000  |        |
|         |       |        |
|         |       | O<br>O |
|         |       |        |
|         |       |        |

There are 98 circles in the bank.
